Important Information

Cover for Extended Cancer and Dentistry will end on the day the insured person reaches their 65th birthday; the Extended Cancer and Dentistry benefits are subject to a 6-month general waiting period; and, one debit order will be collected for your Gap Cover plus Optional Benefits selected.

A single member younger than 55 on an individual policy should notify us if there is a change in their circumstances requiring cover for additional dependants in which event the premium will be amended accordingly. Older people are likely to claim more benefits than younger people and therefore premium amounts are age banded and differentiated based on age.

HEALTH QUESTIONS AND PRE-EXISTING CONDITION EXCLUSION

You will not be entitled to claim a benefit for a period of 12 months from the start date of your policy in respect of a medical condition for which, in the 12 months preceding the start date of your policy, medical advice, diagnosis, care or treatment was received or would reasonably have been recommended.

If you fall pregnant before the start date of your policy, this will be regarded as a pre-existing condition and any pregnancy and birth-related claims will be excluded for a period of 12 months from the start date of your policy.

If, immediately before the start date of this policy, you were insured under a medical expense shortfall policy with similar benefits to this policy, then the pre-existing condition waiting period will only be applied to the unexpired part of the pre-existing condition waiting period in the previous policy. The pre-existing condition waiting period will apply for a period of 12 months for any benefit not provided under your previous medical expense shortfall policy.

Are you aware of any medical procedure that you may undergo in the next 12 months that could lead to a claim under the policy? Y N

If 'Yes' then please state the medical procedure

(Note: The following question only has to be completed if the Extended Cancer Cover option has been selected. If the answer to the question below is 'Yes', then you will unfortunately not qualify for the cover.)

Have you or any of your dependants on your medical scheme ever had any form of cancer, cancerous growths, tumours, lumps or malignant moles? Y N

(Note: The following question only has to be completed if the Medical Premium Waiver option has been selected.)

Have you ever tested positive or been treated for HIV/Aids? Y N

I hereby authorise Zestlife to issue payment instructions to its bank to collect the monthly premium due by debit order from my bank account on condition that the sum of such payment instruction will never exceed my obligation in terms of this application. I acknowledge that all payment instructions issued by Zestlife shall be treated by my bank as if the instructions have been issued by me personally. The debit order will be collected every month on the debit order collection date selected above.

In the event that this collection day falls on a Sunday or recognised South African public holiday, the collection day will automatically be the previous ordinary business day. I acknowledge that this authority may be assigned to a third party only if the policy is transferred to another Insurer or administrator. I understand that the payment instruction will be processed through a computerised system provided by the South African Banks.

NEEDS ANALYSIS

The Liberty Gap Cover product meets my needs as my medical scheme does not cover the total medical practitioner costs when I am hospitalised. The product was recommended as a solution because it will cover the difference between the medical practitioner's charges (limited to 5 times the medical scheme tariff) for treatments I receive in hospital and for listed out-of-hospital procedures, less the higher of the amount payable or paid by my medical scheme, or 1 times the medical scheme tariff. In the case of the Liberty Essential Gap Cover option, the amount of the benefit will be limited to double the amount paid by my medical scheme and I understand that I will experience a shortfall if a medical practitioner charges more than three times what is actually paid by my medical scheme.

The Extended Cancer Cover (if selected) meets my needs because I could experience medical scheme shortfalls on cancer treatment. The benefit is subject to a general six-month waiting period. Cover for this benefit ends on the day the insured person reaches age 65. A life insured is not covered if the claim is made within 12 months after the start of the Extended Cancer Cover in respect of a medical condition for which, in the 12 months preceding the start date of your policy, medical advice, diagnosis, care or treatment was received or would reasonably have been recommended.

The Extended Dentistry Cover (if selected) meets my needs as it covers certain dental procedures that may not be covered by my medical scheme. I understand the events that are covered by this benefit, the waiting periods that apply to each event, as well as the pre-existing conditions and exclusions that apply. Cover for this benefit ends on the day the insured person reaches age 65.

The Liberty Medical Premium Waiver policy meets my needs as it will continue to pay the medical scheme contributions for me and/or my medical scheme dependant(s) in the event of my death or disability. The Liberty Medical Premium Waiver product was recommended as a solution because it will cover the medical scheme contributions for me and/or my medical scheme dependant(s) for the benefit payment period selected.

I understand that there are other similar products on the market but the intermediary regards this Gap Cover product as the most suitable product for me. Alternatively, the intermediary does not represent any other Gap Cover and Premium Waiver product supplier. I declare that a full needs analysis was done and that the monthly premium is affordable taking into account my other financial commitments.

REPLACEMENT POLICY

Will any of the following applications replace an existing policy?

Gap Cover Name of current insurer

Medical Premium Waiver Name of current insurer

If yes, the intermediary will contact you to complete a replacement policy advice record that will provide you with comprehensive information about the consequences of the replacement as the replacement could potentially be prejudicial. A copy of the current policy contract must be provided.

Premiums (please tick each box to confirm acknowledgement)

The policy is renewed annually on 1 January. This also means that your premium may change on 1 January each year and not 12 months after your commencement date.

A single member younger than 55 on an individual policy should notify us if there is a change in their circumstances requiring cover for additional dependants, in which event the premium will be amended accordingly.

Older people are likely to claim more benefits than younger people and therefore premium amounts are age banded and differentiated based on age.

How does the option selected fit within your client's needs? Explain your client's choice.

WAITING PERIODS AND PRE-EXISTING CONDITIONS (Please tick each box to confirm acknowledgement)

a. General Waiting Periods
 No 3-month general waiting period applies. This means that valid claims for procedures that are not defined as pre-existing will be covered from the outset.

b. 12-Month Pre-Existing Condition Waiting Period
 You will not be entitled to claim a benefit for a period of 12 months from the start date of your policy in respect of a medical condition for which, in the 12 months preceding the start date of your policy, medical advice, diagnosis, care or treatment was received or would reasonably have been recommended.
 If you fall pregnant before the start date of your policy, this will be regarded as a pre-existing condition and any pregnancy and birth-related claims will be excluded for a period of 12 months from the start date of your policy.
 If, immediately before the start date of this policy, you were insured under a medical expense shortfall policy with similar benefits to this policy, then the pre-existing condition waiting period will only be applied to the unexpired part of the pre-existing condition waiting period in the previous policy. The pre-existing condition waiting period will apply for a period of 12 months for any benefit not provided under your previous medical expense shortfall policy.
 In the event where a single member upgraded their cover to cover a spouse and/or dependants, then the pre-existing condition waiting period will apply to these new lives covered by this policy from the start of their cover under this policy.

The Liberty Gap Cover product meets my needs as my medical scheme does not cover the total medical practitioner costs when I am hospitalised. The product was recommended as a solution because it will cover the difference between the medical practitioner's charges (limited to 5 times the medical scheme tariff) for treatments I receive in hospital and for listed out-of-hospital procedures, less the higher of the amount payable or paid by my medical scheme, or 1 times the medical scheme tariff. In the case of the Liberty Essential Gap Cover option, the amount of the Liberty Gap Cover benefit will be limited to double the amount paid or payable by my medical scheme and I understand that I will experience a shortfall if a medical practitioner charges more than three times what is actually paid by my medical scheme.

The Extended Cancer Cover (if selected) meets my needs because I could experience medical scheme shortfalls on cancer treatment. The benefit is subject to a general six-month waiting period. Cover for this benefit ends on the day the insured person reaches age 65. A life insured is not covered if the claim is made within 12 months after the start of the Extended Cancer Cover in respect of a medical condition for which, in the 12 months preceding the start date of your policy, medical advice, diagnosis, care or treatment was received or would reasonably have been recommended.

The Extended Dentistry Cover (if selected) meets my needs as it covers certain dental procedures that may not be covered by my medical scheme. I understand the events that are covered by this benefit, the waiting periods that apply to each event, as well as the pre-existing conditions and exclusions that apply. Cover for this benefit ends on the day the insured person reaches age 65.

The Liberty Medical Premium Waiver policy meets my needs as it will continue to pay the medical scheme contributions for me and/or my medical scheme dependant(s) in the event of my death or disability. The Liberty Medical Premium Waiver product was recommended as a solution because it will cover the medical scheme contributions for me and/or my medical scheme dependant(s) for the benefit payment period selected.

I understand that there are other similar products on the market but the intermediary regards this Gap Cover product as the most suitable product for me. Alternatively, the intermediary does not represent any other Gap Cover and Premium Waiver product supplier. I declare that the monthly premium is affordable taking into account my other financial commitments.
